

RULES

Five rounds with quick breaks after the third and the fifth ones await you.

Every round consists of 4 questions. After each question, you should think and specify the answer in a web-form, link to which you have got in zoom chat. A web-form should be submitted once after each round when all 4 questions are read. Please do not forget to specify your first and last names and your country in every web-form.

The 0 round. Test. It will help to ensure that everything works well. This round is not counted in the total score.

The 1st round - I'm feeling lucky. 4 questions with 4 possible answers. You have 30 seconds per question to choose the correct option. Questions of completely different themes and kinds to test your erudition, logic and luck. You get 1 point for a correct answer.

The 2nd round - I can logic. 4 questions with 60 seconds for each. You get 1 point for a correct answer.

The 3d round - Die hard. 4 questions, 60 seconds per question. You get 1 point for a correct answer.

The 4th round - Hardcore. 4 questions with 120 seconds for each and 2 points for the correct answer.

The 5th round - Last chance. 4 questions with 60 seconds for each. You can bet on each question by writing "1" or "2" next to your answer. If the answer is correct, you get an additional 1 or 2 points. Otherwise, you get a minus 1 or 2 points accordingly.

If you have any questions before the game or during it, please feel free to ask them in the zoom chat.
